

Provider Cultural and Linguistic Responsibilities (2015)

Dear Provider:

The following guide summarizes the requirements for providing culturally sensitive and linguistically appropriate services to your Medi-Cal, Medicare and Cal MediConnect patients. You may download any of the forms that we reference in this sheet at: <https://www.care1st.com/ca/providers/cultural-and-linguistics.asp>. For printed copies, you may call the Cultural & Linguistic Department at 323-889-6638.

Language Preference

Record each patient's language preference in his medical record.

Interpreter Services Poster

Post the "Free Interpretation Services including American Sign Language" sign at key points of contact. This sign informs patients who are Limited English Proficient (LEP), hard-of-hearing or deaf that free interpreter services are available to them.

Free Interpreter Services

We provide over-the-phone, face-to-face and American Sign Language interpreter services for patients who are LEP, hard-of-hearing or deaf. These services are free to you and your patients.

❖ Patients who are LEP

- **Over-the-phone interpreter services:** These services are available 24 hours a day, 7 days a week. Please refer to the "Protocol for How to Access Interpreting Services" sheet.
- **Face-to-face interpreter services:** Call our **Member Services Department**. Requests must be made with advance notice (amount of days varies depending on the interpreter vendor).

❖ Patients who are hard-of-hearing or deaf

- **To communicate over the phone:** You can place calls and receive calls from patients using the California Relay Service (CRS) by dialing 711. The CRS is free and available 24 hours a day, 7 days a week.
- **American Sign Language onsite interpreter services:** Call our **Member Services Department**. Requests must be made with advance notice (amount of days varies depending on the interpreter vendor).

For **interpreter services after business hours**, call our **Member Services Department**. Additionally, please ensure the following:

- ❖ Your after-hours Answering Service staff and on-call physician/nurses know how to connect with over-the-phone interpreter services and CRS. Please refer to the "Protocol for How to Access Interpreting Services" sheet.
- ❖ Your answering machine message instructs patients to call their Health Plan to connect with interpreter services.

| Care1st Health Plan Member Services | |
|-------------------------------------|--------------|
| Medi-Cal | 800-605-2556 |
| Medicare | 800-544-0088 |
| Cal MediConnect | 855-905-3825 |

Request or Refusal of Interpreter Services

- ❖ Discourage patients from using friends and family members as interpreters. Do not use minors to interpret unless there is an emergency.
- ❖ If a patient requests or refuses interpreter services after being informed of his right to free interpreter services, file a completed “Request/Refusal Form for Interpretive Services” in his medical chart. These forms are available in a variety of languages, including threshold languages.

Cultural & Language Related Complaints and Grievances

Your patients have a right to file a complaint and grievance if they feel their cultural or language needs are not met in your office. Grievance forms are available in a variety of languages, including county threshold languages.

Referrals to Culturally Appropriate Community Resources & Services

If a patient needs services from a community based organization or a social service agency, please visit www.HealthyCity.org or use the Care1st Community Resource Directory to locate resources. The Care1st Community Resource Directory is available on the Care1st website. Please document the referral in the patient’s record.

Bilingual Providers & Staff

Providers and staff who communicate with patients in a language other than English or who act as interpreters are encouraged to take a language proficiency test by a qualified agency. At a minimum, either of the following should be kept on file bilingual Providers and staff:

- ❖ Completed language capability self-assessment form. Providers and staff may use the ICE “Provider & Staff Language Capability Self-Assessment” form.
 - Those who report limited bilingual capabilities should not act as interpreters or communicate with patients in a language other than English.
- ❖ Certification of language proficiency or interpretation training (i.e. resume or curriculum vitae, which include number of years worked as interpreter).

Availability of member materials in threshold languages and alternative formats

Patients may request materials in their preferred language and in an alternative format. Alternative formats include audio, Braille and Large Print. For more information, call the Cultural & Linguistic Department.

Cultural Competency Training

We encourage you and your staff to attend disability sensitivity and cultural awareness/competency training programs. These trainings can help enhance your interpersonal and intra-cultural skills, which can improve communication with your culturally diverse patients, including Seniors and People with Disabilities. Programs are available through Care1st, L.A. Care and other agencies.
